## Victim Advocate Program

Victim Advocates provide essential support, liaison services and care to a sexual assault victim.

Victim Advocates are AGR, Title 32, or M-Day National Guard soldiers, and DoD civilian employees, selected by the Sexual Assault Response Coordinator and have completed an extensive training course.

Victim Advocates are volunteers who possess the maturity and experience to assist in very sensitive situations.

Responsibilities include:

- Providing crisis intervention, referral and ongoing non-clinical support
- Providing information on available options and resources to assist the victim in making informed decisions about the case
- Will continue services until the victim states support is no longer needed
- Does NOT provide counseling or other professional services to a victim
- May accompany the victim, at the victim's request, during investigative interviews and medical examinations.

For more information on becoming a Victim Advocate, please contact the Sexual Assault Response Coordinator at 405-228-5231.

The Oklahoma National Guard is committed to maintaining an environment that rejects sexual assault and attitudes that promote such behavior. Sexual assault has a devastating and lasting impact on the victim and it undermines military readiness. It has no place in the Oklahoma National Guard.
